Mount Hutton Public School: Building a future together in a caring and welcoming environment

Mount Hutton Public School is a smaller school, delivering quality learning outcomes in a caring environment. Our 160 students are organised into seven classes from Kindergarten to Year 6, including a class for students with special needs, and taught by qualified and experienced staff.

At Mount Hutton you will find:
- A safe, caring and supportive school environment.
- Up-to-date teaching methods and technology, including interactive whiteboards in every classroom.
- Strong support for students with learning difficulties.
- Recent additions including a new hall and library.
- Air conditioning in every classroom.
- An extensive program of extra curricula activities.
- A great mix of experienced, youthful & energetic teachers.
- Carefully planned learning programs for all students.
- High expectations.
- Learning that is meaningful and important.
- Welcoming classrooms.
- Detailed, accurate reports.
- Parents and carers are partners in learning and are welcomed as important members of our school family.

“Proud to be a part of the Waiyaring Community of Schools.”

Dedicated Staff-
Our school has a strong emphasis on literacy and numeracy. Students benefit from school organised extra curricula activities, such as creative and performing arts, sports, computers and excursions.

Active Student Support-
We have a strong and effective student wellbeing system based on the ideals of the Mount Hutton community. Students are offered leadership roles in Student Representative Council, Peer Support and attendance at leadership conferences. A successful “buddy” program operates with Kindergarten and Year 6 students.

An Involved Community-
Mount Hutton has a proud history of family involvement including parent participation in school activities and a supportive, proactive Parents and Citizens Association (P&C). Extended family and friends are also invited to special celebrations held during the school year. Parent helpers are also welcome in the classrooms.

Early Action For Success-
At MHPS we promote early intervention to enhance learning. As part of our literacy and numeracy teams we have an Instructional Leader who supports K-2 curriculum to ensure every child has the best opportunity to reach their academic potential. We also have access to a qualified speech therapist on site to support children with early language development.
Before and after school care

Looking for before and after school care?

Our school hosts both OOSH and Vacation Care programs. Depending on income and CCB discount, before school care ranges from $6.75 per child each day including breakfast. After school care can cost as little as $6.55 per child including afternoon tea and activities.

Our school hosts both OOSH and Vacation Care programs. Depending on income and CCB discount, before school care ranges from $6.75 per child each day including breakfast. After school care can cost as little as $6.55 per child including afternoon tea and activities.

K-6 non-local enrolment

All students are assured a place at their local school. There are restrictions on enrolling students from other school zones but we can enrol non-local students when a place is available.

Please call the school on 4948 8085 and talk to the principal about non-local enrolment.
